2026

At Con Yeager, we focus on the highest quality products and services in the spice distribution and seasoning manufacturing industry to serve commercial and retail customers around the globe.

Incorporated in March 1928 by Conrad Yeager, we have been owned and operated by the same family for nearly 100 years. Originally located on Spring Garden Avenue in Pittsburgh, we moved to Zelienople, PA in 1983 to expand operations. In 2000, we completed a brand-new administration and production facility, and in August 2001, we completed a new storage facility.

In mid-2011, we expanded once again to a new location in New Castle, PA, which serves as our storage and distribution center. All production is handled at our Zelienople location, which has enhanced facilities to meet federal regulations, allergen separation requirements, and to increase our production capacity to meet ever-increasing demand.
